## **About the Wildau-Kharkiv-IT-Bridge (WKITB)**

Wildau-Kharkiv-IT-Bridge (WKITB) is a project in the DAAD programme "Ukraine digital: Ensuring academic success in times of crisis (2024)". WKITB aims to support Ukrainian lecturers and students by providing a digital teaching and learning platform. It brings together 60 lecturers from eight universities in Kharkiv in the field of IT with thousands of students from all over Ukraine.

## **Data Analysis and Visualization**

**Credit Points:** 5 ECTS

**Study program(s):** 122 Computer science

Discipline of basic (professional) training (mandatory). In computer systems methods of Data Mining and Knowledge Discovery are broadly used. The course is based on mathematical principles of working with vagueness and uncertainty in data. In the framework of the discipline methods for working with discrete and continuous data are considered as well as visualization techniques.
